FISH LAWS

EXPLANATIONS.

Unless otherwise specified, the sections referred to in this book mean sections of chapter 32 of the Revised Statutes.

R. & R. of Coms. means Rules and Regulations by the Commissioners, which have the force of law, having been adopted after notice and hearing in accordance with law.

P. & S. L. means Private and Special Laws.

P. L. means Public Laws.

WHEN YOU CAN FISH AND WHEN YOU CANNOT FISH.

THE GENERAL LAW PROVIDING FOR AN "OPEN" AND "CLOSE" SEASON ON LAND-LOCKED SALMON, TROUT, TONGUE, AND WHITE PERCH.

Section 21. The words "close season" and "close time" mean the time or period during which it is unlawful to hunt, shoot, wound, trap or destroy any bird or animal, or fish for or catch any fish, and the words "open season" mean the time during which it shall be lawful to take these animals, fish and birds as specified and limited by law.

THE LAWS RELATING TO FISH AND FISHING ARE AS FOLLOWS:

Section 1, as amended by ch. 132 of P. L., 1905, and ch. 263, P. & S. L., 1905, and ch. 23, P. L., 1909.

There shall be an annual close time for landlocked salmon, trout, togue and white perch, as follows: for landlocked salmon, trout and togue, from the first day of October until the ice is out of the pond, lake, or river fished in, the following spring of each year except on the SAINT CROIX RIVER and its tributaries and on all the waters of Kennebec county, in which the close time shall be from the fifteenth day of September, (see GREAT POND and LONG POND of the Belgrade Chain, under "Kennebec county" Special Laws) until the ice is out of the ponds and lakes the following spring, and except SEBAGO LAKE and LONG POND, in Cumberland county, on which the close time shall be from October first to April first; (the close time in all streams in Franklin county* shall be from Oct. 1 of each year until the ice is out of the stream fished in the following spring. Sec. 8, ch. 90, P. L., 1909) but for white perch the close time shall be from the first day of April to the first day of July; no person shall take, catch, kill or fish for, in any manner, any landlocked salmon, trout, togue or white perch in any of the waters of this State, or have the same in possession, in close time.

*Ice fishing permitted, however, on certain days in the town of Chesterville, Franklin county, as will be noted by the following law:

"So much of chapter 32 of the Revised Statutes, as amended by sec. 8 of ch. 90 of the Public Laws of 1909, as prohibits fishing through the ice, in accordance with the general law of the State, on Friday and on Saturday of each week, in all the lakes and ponds situated wholly *in the town of Chesterville*, in the county of Franklin, is hereby repealed." Ch. 59, P. L. 1911.

ICE FISHING UNDER THE GENERAL LAW.

Sec. 1, ch. 32, R. S., as am. by ch. 185, P. L. 1911.
NOTE full text of this amendment on pages 8-9.

.....“And provided that during February, March and April, citizens of the State may fish for and take landlocked salmon, trout, and togue, with not more than five set lines for each family, when fishing through the ice in the day time, and when under the immediate personal superintendence of the person fishing, and may convey them to their own homes for consumption therein but not otherwise; but no citizen of the State during this time shall be permitted to catch more than fifteen pounds, or one fish, of landlocked salmon, trout, or togue, in any one day. Nothing herein shall be construed as repealing any private or special act closing any lake or pond to ice fishing, or otherwise restricting fishing.

PENALTY.—Whoever violates any provision of this section shall be subject to a penalty of not less than ten nor more than thirty dollars for each offense, and one dollar additional for every fish caught, taken or killed in violation of any provision of this section.”

LENGTH OF FISH WHICH MAY BE CAUGHT.

P. L. 1907.

Section 1. No trout, landlocked salmon, togue, white perch or black bass shall be sold at any time by any person. No trout, landlocked salmon, togue, white perch or black bass shall be bought at any time by any person. Provided, however, that the provisions of this section shall not apply to trout, landlocked salmon, togue, white perch or black bass raised in private fish ponds operated under permission of the commissioners of inland fisheries and game.

Section 2. Whoever violates any provision of this act shall be subject to a penalty of not less than ten dollars nor more than thirty dollars and costs for each offense, and an additional penalty of one dollar for every fish sold, bought or had in possession in violation of any provision of this act.

TRANSPORTATION OF FISH.

(Sec. 1, ch. 181, P. L., 1907, and ch. 32, sec. 28, R. S., ch. 90, P. L. 1909, and ch. 99, P. L. 1911.)

No trout, togue, landlocked salmon, white perch or black bass shall be transported in any way except in the possession of the owner, accompanied by him, plainly labeled with the owner's name and address, and open to view; EXCEPT any resident of this state who has lawfully in his possession one trout, one togue, one landlocked salmon or one white perch, or one black bass, or ten pounds of either kind of these fish, * * * may send the same anywhere in this state without accompanying the same, by purchasing of the duly constituted agent therefor a tag, paying for a trout, togue, landlocked salmon or black bass, one dol-

lar for each, or one dollar for each ten pounds of the same, and fifty cents for one white perch or ten pounds of the same. * * *

Any person not a bona fide resident of this state and actually domiciled therein who has lawfully in his possession one trout, one togue, one landlocked salmon, or one white perch, or one black bass, or ten pounds of either kind of these fish, * * * may transport the same to his home or to any hospital in this State without accompanying the shipment, by purchasing of the duly constituted agent therefor a tag, paying for a trout, togue, landlocked salmon or black bass, one dollar for each, or one dollar for each ten pounds of the same, and fifty cents for one white perch or ten pounds of the same. * * *

Provided, however, that no person shall, under any of these provisions, send more than one box of fish * * * once in thirty days.

PENALTY: Not less than \$10 nor more than \$30, and \$1 additional for each fish.

THE LAW RELATING TO WHITE PERCH TAKEN IN THE INLAND WATERS OF WASHINGTON COUNTY.

Sec. 1, ch. 117; P. L. 1909, as am. by ch. 36, P. L. 1911. (See also ch. 185, P. L. 1911.)

It shall be unlawful for any one person in any one day to take, catch or kill, or have in possession more than twenty pounds* of white perch; it shall also be unlawful for any transportation company to accept for transportation or to transport more than twenty pounds of white perch in one day as the property of any one person. This section shall not apply to white perch in tide waters, nor to white perch in inland waters of the county of Washington. Said white perch, so taken from said waters, may be shipped and sold

within and without the state, under regulations of the commissioners of inland fish and game.

*NOTE—While the above law is apparently inconsistent with the provisions of chapter 185 of the P. L. of 1911, the new law making the limit on certain fish which may be taken in one day, by one person, 15 pounds, the commissioners wish to explain the situation:

Chapter 36, above quoted, was enacted quite early in the session, while chapter 185 was not finally passed until the day before the Legislature adjourned. It was the intention to have chapter 36 amended to conform to the provisions of chapter 185, so far as the limit was concerned, but in the rush incident to the closing hours of the Legislature the amendment was not made, and the laws, as passed, appear to be contradictory to each other.

The Commissioners are of the opinion that chapter 185 does not repeal chapter 36 only so far as the provisions of chapter 36 are inconsistent with the provisions of chapter 185. THEREFORE the Commissioners have ruled that 15 pounds shall be the limit on white perch under the provisions of chapter 36 instead of 20 pounds as stated therein. (Note full text of ch. 185, P. L. 1911, below.)

THE LAW REGULATING THE NUMBER, ALSO THE NUMBER OF POUNDS, OF LAND-LOCKED SALMON, TROUT, TONGUE AND WHITE PERCH WHICH CAN BE TAKEN OR HAD IN POSSESSION, OR TRANSPORTED, IN ANY ONE DAY BY ONE PERSON.

Chapter 185, P. L. 1911, which amends sec. 3 of ch. 32, R. S., and ch. 117, P. L. 1909.

"Section 1. It shall be unlawful for any person to take, catch, kill or have in possession in any one day more than fifteen pounds of landlocked salmon, trout,

togue or white perch (unless an individual fish so taken exceeds fifteen pounds in weight) or more than forty fish in all.

Section 2. No person shall transport more than fifteen pounds of landlocked salmon, trout, togue or white perch in all at any one time, nor shall any corporation transport more than fifteen pounds in all, of trout, togue, landlocked salmon, or white perch at one time as the property of any one person, but nothing herein contained shall prevent any person or corporation from transporting one fish weighing more than fifteen pounds; nor shall any such be transported except in the possession of the owner thereof, plainly labeled thereon with the owner's name and residence, except as is provided in section twenty-eight of chapter thirty-two of the revised statutes, as amended.

Section 3. Whoever violates any of the provisions of this act shall be punished by a fine of not less than ten dollars nor more than thirty dollars for each offense and one dollar for every pound of fish so taken or being transported in excess of fifteen pounds, and one dollar for every fish so taken, caught, killed or had in possession in excess of forty in all of said fish, and all such fish being so transported or taken in violation of this act may be seized and shall be forfeited to the state. Whoever has in his possession more than fifteen pounds or more than forty in all, of said fish, shall be deemed to have taken them in violation of this act; provided, however, that nothing herein contained shall prohibit any person having less than forty fish weighing in all less than fifteen pounds from taking, catching, killing or having in possession in any one day or transporting, one additional fish, nor prohibit any transportation company from transporting said additional fish under the conditions prescribed in section two of this act for the transportation of fish provided for in said section."

PROHIBITED DEVICES IN FISHING.

Sect. 2. "Whoever fishes for, takes, catches, kills, or destroys any fish, with fish spawn or grapnel, spear, trawl, weir, seine, trap, or set lines, except when fishing through the ice, and then with not more than five set lines in the day time, or with any device, or in any other way than by the ordinary mode of angling with single baited hooks and lines, artificial flies, artificial minnows, artificial insects, spoon hooks and spinners, so-called, shall be fined not less than ten nor more than thirty dollars for each offense; and when prohibited implements or devices are found in use or possession, they are forfeit and contraband, and any person finding them in use, may destroy them."

NOTE THE FOLLOWING LAW, AMENDATORY
TO ABOVE, WHICH TAKES EFFECT OCT. 1,
1912.

CHAPTER 153, P. L. 1911, AN ACT TO PROHIBIT THE USE OF GANG HOOKS, SO-CALLED, WHEN FISHING IN THE INLAND WATERS OF THIS STATE.

Section 2. Whoever violates any provision of this act

No person shall in any manner, except when fishing through the ice as now provided by law, fish with more than two lines at any time, and when still fishing or plug fishing, shall not fish with or use in fishing at one time more than two lines. Penalty, \$30 and costs for each offense.

POSSESSION OF JACK LIGHTS, SPEARS, TRAWLS, NETS,— ILLEGAL WHEN.

Sec. 5. "The having in possession of any jack light, spear, trawl, or net, other than a dip net, in any camp, lodge, or place of resort for hunters or fishermen, in the inland territory of the state, shall be prima facie evidence that the same is kept for unlawful use; and they may be seized by any officer authorized to enforce the inland fish and game laws. Whoever is convicted of having any of the above named implements in his possession unlawfully as aforesaid, shall be fined fifty dollars and costs of prosecution."

DYNAMITE AND OTHER EXPLOSIVES PROHIBITED.

Sec. 4. "No person shall use dynamite or other explosives or any poisonous or stupefying substance whatever, for the purpose of destroying or taking fish, under a penalty of one hundred dollars and, in addition thereto, two months' imprisonment in the county jail for each offense."

PROTECTION OF SCREENS.

Sec. 40. "Whoever shall take up, destroy or injure any screen erected at the outlet of any lake or pond by authority of the commissioners of inland fisheries and game, shall be punished by a fine not exceeding fifty dollars."

SUNDAY IS A CLOSE TIME FOR HUNTING.

Sec. 21. "Sunday is a close time, on which it is not lawful to hunt, kill, or destroy game or birds of any kind, under the penalties imposed therefor during other close time, but the penalties already imposed for the violation of the Sunday laws by the statutes of this state are not hereby repealed or diminished."

Sec. 6. In the waters so set apart, they and the United States commissioner of fish and fisheries, and persons acting under their authority may, in their respective fish culture and scientific work, take fish at any time or in any manner, and erect and maintain any fixtures necessary for such purposes. No other person shall take or kill any fish, or use any implement for fishing therein, under a penalty of not less than ten nor more than one hundred dollars, and a further penalty of one dollar for each fish so taken or killed; provided, however, that before such hearing they shall give notice thereof, by publication of their intention for two successive weeks in at least one newspaper printed in the county where such waters lie. They are authorized to grant permission to take moose, caribou, deer, and birds for park purposes in this state, under such rules, regulations, and conditions as they shall establish. They may, under such rules and regulations as they may establish, permit the taking of eels and white fish in the inland waters of the state. They shall have authority to cause the destruction of all mink found in or around any fish hatchery or feeding station in this state. The penalty for the wilful violation of any of such rules and regulations shall be fifty dollars for each offense. The commissioners may at their discretion, screen the outlet of any pond or lake or authorize the same to be done under such conditions as may seem to them just."

FISHWAYS.

Sec. 41, as am. by ch. 72, P. L., 1911.

An Act to amend section 41 of chapter 32 of the Revised Statutes, relating to Fishways.

Section 41 of chapter 32 of the revised statutes is hereby amended by inserting the word 'or' after the word "shad" in the second line of said section, and by striking out the words "or land-locked salmon" in the third line of said section, so that said section, as amended, shall read as follows:

'Sec. 41. The owner or occupant of every dam or other artificial obstruction in any river or stream frequented by salmon, shad, or alewives, shall provide the same with a durable and efficient fishway, of such form and capacity, and in such location as may, after notice in writing to one or more of said owners or occupants and a hearing thereon, be determined by the commissioners of inland fisheries and game by written notice to some owner or occupant specifying the location, form and capacity of the required fishway, and the time within which it shall be built; and said owner or occupant shall keep said fishway in repair, and open and free from obstruction for the passage of fish, during such times as are prescribed by law; provided, however, that in case of disagreement between said commissioners and the owner or occupant of any dam, as to the propriety and safety of the plan submitted to the owner or occupant of such dam for the location and construction of the fishway, such owner or occupant may appeal to the county commissioners of the county where the dam is located, within twenty days after notice of the determination from the commissioners of inland fisheries and game by giving to the latter named commissioners notice in writing of such appeal within that time, stating therein the reasons therefor; and at the request of the appellant or the commissioners of inland

fisheries and game, the senior commissioners in office of any two adjoining counties shall be associated with them, who shall appoint a time to view the premises and hear the parties and give due notice thereof, and after such hearing they shall decide the question submitted, and cause record to be made thereof, and their decision shall be final as to the plan and location appealed from. If the requirements of the commissioners of inland fisheries and game are affirmed, the appellants shall be liable for the costs arising after the appeal, otherwise they shall be paid by the county. If a fishway thus required is not completed to the satisfaction of the commissioners of inland fisheries and game within the time specified, every owner or occupant shall forfeit not more than one hundred, nor less than twenty dollars for every day of such neglect between the first days of May and November. On the completion of a fishway to the satisfaction of the commissioners of inland fisheries and game, or at any subsequent time, they shall prescribe in writing the time during which the same shall be kept open and free from obstruction to the passage of fish each year, and a copy of such writing shall be served on the owner or occupant of the dam. The commissioners of inland fisheries and game may change the time as they see fit. Unless otherwise provided, fishways shall be kept open and unobstructed from the first day of May to the fifteenth day of July. The penalty for neglecting to comply with this section, or with any regulations made in accordance herewith, is not less than twenty, or more than one hundred dollars for every day of such neglect.

“Sec. 42. Whenever the commissioners of inland fisheries and game find a fishway out of repair or needing alterations, they may, as in the case of new fishways, require the owner or occupant to make such repairs or alterations; and all proceedings in such cases and the penalty for neglect shall be as provided in the

preceding sections without appeal. If the dam is owned and occupied by more than the one person, each is liable for the cost of erecting and maintaining such fishway, in proportion to his interest in the dam, and if any owner or occupant neglects or refuses to join with the others in erecting or maintaining such fishway, the other owners or occupants shall erect or repair the same, and have an action on the case against such delinquent for his share of the expenses. If the owner or occupant of such dam resides out of the state, said penalties may be recovered by a libel against the dam and land on which it stands, filed in the supreme judicial court in the county where it is located, in the name of the commissioners of inland fisheries and game or of any fish wardens who shall give to such owner or occupant, and all persons interested therein, such notice as the court or any justice thereof in vacation, orders, and the court may render judgment therein, against said dam and lands for said penalties and costs, and order a sale thereof to satisfy such judgment and costs of sale, subject, however, to all said requirements for the erection and maintenance or repair of said fishway. The commissioners of inland fisheries and game may delegate to any fish warden or other lawful officer of fisheries any of the powers given to said commissioners in relation to the construction of fishways."

ARTIFICIAL CULTURE OF FISH BY PRIVATE PERSONS.

"Sec. 46. Any riparian proprietor may, within the limits of his own premises, inclose the waters of a stream not navigable, for the cultivation of useful fishes; provided that he furnishes suitable passages for migratory fishes naturally frequenting such waters, and does not obstruct the passage of boats and other craft and materials, in places where the same have a right to

pass. Any person legally engaged in the artificial culture and maintenance of fishes, may take them in his own enclosed waters wherein the same are so cultivated and maintained, as and when he pleases, and may at all times sell them for cultivation and propagation; but he shall not sell them for food at seasons when the taking thereof is prohibited, under a penalty of not less than ten nor more than one hundred dollars, and a further penalty of not less than one dollar for each fish so sold. Any person engaged in the artificial propagation of trout, or fresh and salt water salmon, when the parent fish are taken from public waters in the state, shall retain not less than twenty-five per cent of all eggs taken from said parent fish, and shall cause the same to be properly cared for and hatched, and, when hatched and in proper condition, to be returned to a place suitable for such young fish in the original waters from which the parent fish were taken, and shall cause said parent fish to be returned to safe locations in such waters, under a penalty of not less than fifty nor more than five hundred dollars for each offense. But this section does not apply to cases in which the parent fish are taken in the manner and at the time and place permitted for the capture of such fish for food; nor to operations in fish culture conducted for public purposes by permission of the commissioners of fisheries, who may affix such conditions to their permits as they see fit, requiring in no case, however, less than twenty-five per cent of the young fish to be returned, as provided in this section.

"Sec. 47. No person without permission of the proprietor, shall fish in that portion of a pond or other water in which fish are artificially cultivated or maintained by written permission of the fish commissioners, under a penalty of not less than ten nor more than one hundred dollars, besides two dollars for each fish so taken or killed; and, in default of payment, such of-

fender shall be imprisoned at the expense of the prosecutor, until said forfeiture is paid or otherwise discharged by due process of law." (See ch. 87, P. L., 1905, below.)

P. L., 1905, ch. 87. Section 1. It shall be lawful hereafter for riparian proprietors legally engaged in the artificial culture and maintenance of trout, on their own land and in their own enclosed waters, acting under the direction and written permission of the commissioners of inland fisheries and game, to ship, transport or carry trout taken from their own ponds, without accompanying the shipment in person and without the payment of a license fee for each shipment.

Provided, however, that nothing in this act shall be construed to allow the shipment of trout, at a season when the catching of trout is prohibited by the laws of the state of Maine.

"Sec. 43 and ch. 85, P. L., 1909. The following waters and their tributaries are exempt from the provisions relating to migratory fishes and the supervision of the fishways by the commissioners; that is to say, ROYAL'S RIVER in North Yarmouth, SEWALL'S POND or its outlet in Arrowsic, so much of the waters of the DAMARISCOTTA RIVER as are west of the railroad bridge near Damariscotta mills, all waters in Vinalhaven, Tremont, Mount Desert, Eden, Franklin, and Sullivan, EAST MACHIAS RIVER, and the EASTERN PENOBSCOT RIVER in Orland.

LITTLE RIVER in Perry shall be exempt from all the foregoing provisions that relate to maintaining fishways in said river, except during April, May and June.

"Sec. 44. For the purposes of this chapter, the term 'salmon' means the common migratory salmon of the seacoast and rivers; the term 'landlocked salmon' means any of the species or varieties of salmon that do not periodically and habitually run to the sea, being the same locally known as 'salmon trout' and 'black spotted

trout;' the term 'alewife' means the small species of migratory fish called 'alewife' but known also by the local names of 'herring' and 'gaspereau,' and also includes the similar species found in tidal waters and known as 'bluebacks;' and the term 'bass' means the striped bass of tidal waters.

"Sec. 45. The provisions of this chapter so far as they relate to fish apply to the taking of the same in all fresh waters above the flow of the tide and in all tidal waters frequented by the various species of fresh water and migratory fishes, except to the capture of shad and alewives in DENNY'S RIVER and its tributaries, PEMMAQUAM RIVER and its tributaries, and the SCHOODIC LAKES and their tributaries, and to the taking of white fish in the SCHOODIC LAKES on the St. CROIX RIVER and their tributaries, by citizens of the state with set nets, during the months of May and November, and conveying them to their own homes, but not otherwise. This chapter does not apply to fish taken in the weirs on St. CROIX RIVER, and does not repeal the laws relating to the St. CROIX, DENNY'S, PEMMAQUAM, COBSTOCK, EAST MACHIAS, and NARRAGUAGUS RIVERS."

Persons not bona fide residents of the state, and actually domiciled therein, shall not hunt, pursue, take or kill any bull moose, or deer, or ducks, partridges, woodcock or other birds or wild animals at any time without having first procured a license therefor as hereinafter provided. Such licenses shall be issued by the commissioners of inland fisheries and game, upon application in writing and payment of fifteen dollars to hunt bull moose, deer, ducks, partridges, woodcock, and other birds and wild animals during their respective open seasons in October, November and December. But to hunt ducks, partridges, woodcock and other birds and wild animals, during their respective open seasons prior to October first, a license fee of five dollars shall be paid annually. A person having paid the fee of five dollars may procure a license to hunt bull moose and deer by paying ten dollars additional. Such license shall entitle the purchaser to take to his home, in addition as now provided, properly tagged with the tag detached from his license, and open to view, five partridges, ten ducks and ten woodcock that he has himself lawfully killed, and under such rules and regu-

lations to be established by the commissioners and approved by the governor and council, as may be required to carry out the true intent of this act and not inconsistent herewith.

All money received for such licenses shall be forthwith paid to the state treasurer. * * *

Sec. 23. Each license shall be provided with three coupons, one of which shall permit the transportation of the carcass of one bull moose, or part thereof, and shall be divided into two sections, lettered "A" and "B" respectively, and shall be called the "moose" coupon; the two other coupons shall permit the transportation of the carcass of one deer, or part thereof, each, and shall be divided into two sections each, lettered "C" and "D" and "E" and "F" respectively, and shall be called the "deer" coupons.

The holder of a non-resident hunter's license shall be entitled to offer for transportation and have transported, within or without this state, by any railroad company, express company, boat, or other transportation company, the carcass of one bull moose, or part of the carcass of one bull moose that he himself has lawfully killed, on the "moose" coupon attached to such license; also the carcass of one deer, or part of the carcass of one deer, that he himself has lawfully killed, on each of the "deer" coupons attached to his said license, by presenting to the agent of any transportation company, his license, with the coupons attached to the license at the time when he shall offer the moose or deer for shipment. The agent receiving the carcass or part of a carcass, for shipment shall, if it is a moose, detach section 'A' from the "moose" coupon of the license, cancel

the same by writing or stamping thereon the date and place of shipment and his initials, and shall forward the same forthwith to the commissioners of inland fisheries and game, at Augusta, Maine; section "B" of said coupon shall be likewise canceled and shall be attached to the carcass, or part of the carcass, of the bull moose offered for shipment and shall remain attached to the same while it is being transported in this state.

In case of deer received for shipment, the license must be presented to the agent with the coupons attached as aforesaid, and, if but one deer is offered for shipment, the agent shall detach section "C" from the first "deer" coupon and shall cancel it and forward the same to the commissioners of inland fisheries and game as aforesaid, and section "D" of said coupon shall be likewise cancelled and attached to the carcass of the deer or part thereof, offered for shipment and shall remain attached to the same while it is being transported in this state.

In case two deer are offered for shipment the agent receiving the same for shipment shall detach sections "C" and "E" from the "deer" coupons and after canceling the same shall forward them to the commissioners as aforesaid, and sections "D" and "F" shall be likewise cancelled and attached to the carcass of the deer or parts thereof, offered for transportation and shall remain attached to the same while it is being transported in this state.

Any agent, servant or employee of any transportation company, railroad company, express company, boat or common carrier who shall receive for shipment or transport, or have in his possession with intent to ship or transport, any carcass of a bull moose, or part of the same, or any carcass of a deer or part of the same,

for a non-resident, except as herein provided, or who shall refuse or neglect to detach the sections of the coupons as herein provided, or who shall fail to forward to the commissioners of inland fisheries and game, at Augusta, Maine, as herein provided, the sections of coupons by him detached, shall be punished by a fine of not less than twenty-five nor more than one hundred dollars and costs for each offense.

Sec. 24. Whoever violates any provision of the two preceding sections, or who shall furnish to another person, or permits another person to have or use any license or coupon issued to him, or change or alter the same in any manner, or who has or uses any license or coupon issued to another person, or any registered guide who knowingly guides any non-resident in hunting who has not a license to hunt as herein provided, shall be punished by a fine of not less than twenty-five nor more than one hundred dollars and costs for each offense.

(NOTE: Sec. 7, ch. 181, P. L., 1907, provides that the fee for a license for non-residents to hunt game birds in any county in the state during the open season on such birds up to the time of the beginning of the open season on deer in that county, is \$5.)

UNNATURALIZED FOREIGN-BORN RESIDENTS' HUNTING LICENSES.

Ch. 118, P. L., 1907.

Sec. 1. It shall be unlawful for any *unnaturalized foreign-born person who has not resided within the limits of this state for two years continuously prior to the passage of this act and who is not a taxpayer upon real or personal property within this state*, to hunt in any manner, at any time, or pursue, catch, kill or have

in possession any wild animals or birds within the limits of this state, unless he is licensed so to do as hereinafter provided.

Sec. 2. The commissioners of inland fisheries and game, upon the application of any unnaturalized foreign-born person who is a resident of any city, town or plantation within the state, and upon the payment of a fee of fifteen dollars may issue such person a license upon a form to be supplied by them, bearing the name, age and place of residence of the licensee with a description of him as near as may be, authorizing the said licensee to hunt and kill game birds, game or other wild animals on any lands on which said hunting or killing is not forbidden by law, or by written or printed notices posted thereon by the owner, lessee or occupant thereof. Such license shall be good only for that period of the year when game birds, game or other wild animals may be lawfully killed and shall authorize the hunting or killing of game only under such restrictions and for such purposes as are imposed or authorized by law. Said licenses shall not be transferable and shall be exhibited upon demand to any of the commissioners of inland fisheries and game, and to any game warden or deputy game warden, and to any sheriff, constable, police officer or other officer qualified to serve process. The fees received from said licenses shall annually be paid into the state treasury.

Sec. 3. If any firearm or firearms are found in the possession of any foreign-born unnaturalized person required to be licensed under the provisions of this act, when he is upon the wild lands or woods of the state, not having a license as herein provided, it shall be prima facie evidence that such person is hunting in violation of the provisions of this act and he shall be subject to a penalty of twenty-five dollars and costs for each offense, and a further penalty of forfeiture to the state of all firearms found in his possession in viola-

tion of this section, and any person authorized to enforce the inland fish and game laws is authorized to seize all firearms found in possession in violation of the provisions of this section, and shall forthwith forward them to the commissioners at Augusta, and upon conviction of the person or persons from whom they were seized shall sell them, the proceeds from such sale to be paid to the treasurer of state.

Sec. 4. Whoever violates any of the provisions of this act shall be punished by a fine of twenty-five dollars and costs for each offense.

REGISTRATION OF GUIDES.

“Sec. 32. No person shall engage in the business of guiding, either for inland fishing or forest hunting, until he has caused his name, age, and residence to be recorded in a book kept for that purpose by the commissioners of inland fisheries and game, and has procured a certificate from said commissioners, setting forth in substance that he is deemed suitable to act as a guide, either for inland fishing or forest hunting or both, as the case may be, under a penalty of fifty dollars and costs for each offense. Each registered guide shall, from time to time, as often as requested by the commissioners, forward, on blanks furnished him by the commissioners, a statement of the number of persons he has guided in inland fishing and forest hunting during the time called for in said statement, the number of days he has been employed as a guide, and such other useful information relative to inland fish and game, forest fires, and the preservation of the forests in the localities where he has guided, as the commissioners may deem of importance to the state, under a penalty of fifty dollars for unreasonably or wilfully refusing to comply with these requirements.”

"Sec. 33. Such registration as is provided for in this chapter shall be as follows: the applicant shall apply in writing or personally to the commissioners for registration, or to some person designated by the commissioners, setting forth in his application whether he desires to be registered as a general or local guide; and the commissioners shall, as soon thereafter as may be, register such person as a guide in such class as they shall deem proper, after such investigation as they shall deem proper; but said commissioners may refuse to register any applicant whom they deem unfit to be a guide, and may, for cause shown, after due notice and hearing, cancel any registration by them made, and may advance anyone from the local class to the general class, whenever they shall deem such person qualified to be a general guide.

Whenever a guide registered, as provided in this chapter, is convicted of any violation of any of the inland fish and game laws, the commissioners may, at their discretion, cancel his certificate of registration and strike his name from the list of registered guides; but such person may thereafter be registered again at the discretion of the commissioners. Any certificate canceled by virtue of this chapter shall be immediately returned to the commissioners, under a penalty of fifty dollars for refusal or neglect to comply with this requirement. A fee of one dollar shall be paid annually for the registration as herein provided.

No person shall receive a certificate as a general guide unless he be at least twenty years of age, of good repute, and friendly to the inland fish and game laws, and will discountenance in all proper ways all violations thereof. He shall be thoroughly competent to traverse the hunting grounds in which he is licensed to guide and shall be skilled in the use, management, and handling of such boats or canoes, on lake, pond, or river, as are used in the territory in which he is author-

ized to guide, and shall be a safe person under all circumstances to be a guide for inland fishing and forest hunting parties. A person may receive a certificate as a local guide who does not, in the judgment of the commissioners possess all the necessary qualifications of a general guide, yet is deemed suitable to act as such under certain conditions; and guides may be restricted in the territory in which they are permitted to guide. Every non-resident registered as a guide shall pay a fee of twenty dollars; the commissioners may at their discretion refuse to issue any certificates of registration after October twentieth of each year, and every certificate issued shall expire with the calendar year. An official badge for guides may be prepared by the commissioners."

licensed persons may purchase for consumption in their sporting camps, lodges or places of resort deer lawfully killed, but they shall keep a record of all such purchases, of whom purchased and the date of the purchase, and on December fifteenth of each year shall make, under oath, written report thereof to the commissioners; whoever violates any provision of this section shall be fined forty dollars and costs for each offense; the commissioners, however, may refuse to issue a license or licenses to such person or persons as they deem unsuitable."

Ch. 36, P. & S. L., 1911.

Sec. 1. During the open season now provided by law on mink, sable, muskrat and fisher, it shall be lawful for citizens of this state to hunt and trap bob cats, loup-cervier or Canada lynx, without first procuring a trapping license of the commissioners of inland fisheries and game, in the unincorporated places known as Letter A and Leavitt, in the county of Aroostook.

Whoever violates any of the provisions of this section shall be subject to a penalty of one dollar for each trap set and not marked as provided in this section, and the forfeiture of the trap or traps to any person finding the same not marked in accordance with the provisions of this section.

LICENSED MARKETMEN AND PROVISION DEALERS.

Any marketman or provision dealer having an established place of business in the state, may purchase and have in possession at his said place of business not more than three deer, lawfully killed or destroyed or any part thereof, at one time, and may sell the same at retail to his local customers, and may sell the heads of such deer to any licensed taxidermist; provided, however, that said marketman or provision dealer, shall have procured a license of the commissioners of inland fisheries and game to carry on said business of buying and selling deer as aforesaid; and provided further, that said marketman shall record in a book kept for that purpose, and open to the inspection of inland fish

This section, however, shall not authorize the killing of any birds nor the taking of any birds' nests or eggs thereof on Sunday; and the commissioners may, for cause, revoke any license authorized by this section. Taxidermists mentioned in this section may at all times have in their possession, at their places of business, fish and game lawfully caught or killed in open time for the sole purpose of preparing for and mounting the same; and such fish and game, or parts thereof, may be transported to such licensee and retained by him for the purposes aforesaid, under such rules, restrictions and limitations as shall, from time to time, be made by said commissioners and stated in such original license and additions made thereto, from time to time, by said commissioners. One-half of any fine imposed and collected under this section shall be paid to the complainant.

THE LACEY BILL.

The Act of Congress, approved May 25, 1900, supplements existing state laws by prohibiting the shipment from one state to another of game or birds killed in violation of local laws, and by subjecting birds and game brought into a state to the same restrictions as those prescribed for game and birds produced within that state.

This law is regarded as one of the most important ones yet enacted in the interests of game and bird protection.

This federal game law, it can readily be seen, is additional protection to existing state game laws. With good laws well executed, the craft of law evaders falls into disrepute. This federal game law has proved an additional check to violators of the state game laws.

The violator of the law has heretofore not had much to fear, if the game was once got out of the state, consequently state game laws have not been sufficiently far reaching.

We submit herewith sections 3, 4 and 5 of the Act above referred to for the information of shippers, dealers and others:

"AN ACT TO ENLARGE THE POWERS OF THE DEPARTMENT OF AGRICULTURE, PROHIBIT THE TRANSPORTATION BY INTER-STATE COMMERCE OF GAME KILLED IN VIOLATION OF LOCAL LAWS, AND FOR OTHER PURPOSES.

Sec. 3. It shall be unlawful for any person or persons to deliver to any common carrier, or for any common carrier to transport from one state or territory to another state or territory, or from any state or territory to the District of Columbia or Alaska, any foreign animals or birds the importation of which is prohibited, or the dead bodies or parts thereof of any wild animals or birds, where such animals or birds have been killed in violation of the laws of the state, territory or district in which the same were killed; provided, that nothing herein shall prevent the transportation of any dead birds or animals during the season when the same may be lawfully captured, and the export of which is not prohibited by law in the state, territory or district in which the same are killed.

Sec. 4. That all packages containing such dead animals, birds or parts thereof, when shipped by interstate commerce, as provided in section one of this act, shall be plainly and clearly marked so that the name and address of the shipper and the nature of the contents may be readily ascertained on inspection of the outside of such packages. For each evasion or violation of this act the shippers shall, upon conviction, pay a fine not exceeding two hundred dollars; and the consignee knowingly receiving such articles, so shipped and transported in violation of this act shall, upon conviction, pay a fine not exceeding two hundred dollars; and the carrier knowingly carrying or transporting the same shall, upon conviction, pay a fine of not exceeding two hundred dollars.

Sec. 5. That all dead bodies, or parts thereof, of any foreign game animals, or game or song birds, the importation of which is prohibited, or the dead bodies or parts thereof, of any wild game animals, or game or song birds transported into any state or territory, or remaining therein for use, consumption, sale or storage therein, shall, upon arrival in such state or territory, be subject to the operation and effect of the laws of such state or territory enacted in the exercise of its police powers, to the same extent and in the same manner as though such animals and birds had been produced in such state or territory, and shall not be exempt therefrom by reason of being introduced therein in original packages or otherwise.

This act shall not prevent any importation, transportation or sale of birds or bird plumage manufactured from the feathers of barnyard fowl." * * *

WARDENS, THEIR APPOINTMENT AND DUTIES.

Sec. 49. The governor, with the advice and consent of the council, upon the recommendation of the commissioners of inland fisheries and game, may appoint suitable persons as fish and game wardens, who shall hold office for a term of three years unless sooner removed, and who shall enforce all laws relating to inland game and fisheries, and all rules and regulations in relation thereto, arrest all violators thereof, and prosecute all offenses against the same; said wardens shall have the same power to serve criminal processes against such offenders, and shall be allowed the same fees, as sheriffs, for like services, and they shall have the same right as sheriffs to require aid in executing the duties of their office. They shall, before being qualified to discharge the duties required by this act, give bond to the treasurer of the state with two good and sufficient

sureties in the penal sum of two thousand dollars approved by the commissioners of inland fisheries and game, conditioned for the faithful performance of the duties of their office. Inland fish and game wardens may serve all processes pertaining to the collection of penalties for violation of the inland fish and game laws. Fish wardens may be appointed inland fish and game wardens and need not give additional bond.

Sec. 51. Sheriffs, deputy sheriffs, police officers and constables, are vested with the powers of inland fish and game wardens and their deputies, and shall receive for their services the same fees.

DEPUTY WARDENS.

Sec. 50. The commissioners of inland fisheries and game may appoint deputy wardens for whose official misconduct and neglect they shall be responsible and may revoke such appointments at any time. The appointment and discharge of such deputy wardens shall be in writing, and they shall have the same powers and be subject to the same laws, as wardens appointed by the governor and council.

FISH AND GAME WARDENS, FIRE WARDENS.

Chapter 108 of the public laws of 1891 provides that, Fish and game wardens are hereby made state fire wardens, and it shall be their duty while in and about the woods, to caution all sportsmen of the danger from fires in the woods, and to extinguish all fires left burning by anyone, if within their power; and to give notice to any and all parties interested when possible, of fires raging and beyond their control, to the end that the same may be controlled and extinguished.

PENALTY FOR FALSELY ASSUMING TO BE A WARDEN OR COMMISSIONER.

[Sec. 24, ch. 123, R. S.

Whoever falsely assumes to be a justice of the peace, sheriff, deputy sheriff, coroner, or constable, or inland fish and game warden, or a commissioner of inland fisheries and game, and to act as such, or to require any one to aid him in a matter pertaining to the duty of such office, shall be punished by imprisonment for not less than one year, or by fine not exceeding four hundred dollars.

SEARCH AND SEIZURE OF GAME.

Sec. 52, as am. by ch. 141, P. L., 1905.

The commissioners and every warden throughout the state shall enforce the provisions of this chapter, and shall seize any game, fish and game birds taken or held in violation of this chapter; and every such officer may arrest, with or without a warrant, any person whom he has reason to believe guilty of a violation thereof, and with or without a warrant, may open, enter and examine all buildings, camps, vessels, boats, wagons, cars, stages, tents, and other receptacles and places, and examine all boxes, barrels and packages where he has reason to believe that game, fish or game birds taken or held in violation of this chapter are to be found, and seize such game, fish or game birds if any be found therein, but no dwelling-house shall be searched for the above purposes without a warrant and then only in the day time, and no sealed railroad car shall be entered for the above purposes without such warrant. Any magistrate may issue warrants to search, within his jurisdiction, any dwelling-house, in the day time, or any other place at any time, for the purposes

above set forth, to any commissioner of inland fisheries and game or any warden, sheriff or any of his deputies; such warrant shall be issued subject to the requirements of section thirteen of chapter one hundred and thirty-three of the revised statutes; provided, however, that the commissioners shall, on or before October first of each year, in writing, notify the superintendents of all transportation companies doing business within the state of the names of the wardens by them designated to exercise the right of search as herein provided, which number shall not exceed four for any one transportation company, and no others shall, except those so designated, be authorized to exercise the powers herein mentioned as to search.

PENALTIES—HOW RECOVERED.

Sec. 53. Any officer authorized to enforce the inland fish and game laws may recover the penalties for the violation thereof in an action on the case in his own name, the venue to be as in other civil actions, or by complaint or indictment in the name of the state; and such prosecution may be commenced in the county in which the offense was committed or in any adjoining county, and the plaintiff prevailing shall recover full costs without regard to the amount recovered.

OFFICERS MAY ARREST WITHOUT WARRANT.

Sec. 54. Any officer authorized to enforce the inland fish and game laws may, without process, arrest any violator of any of said laws, and shall with reasonable diligence, cause him to be taken before any trial justice or any municipal or police court, in the county where

the offense was committed, or in any adjoining county, for a warrant and trial. Jurisdiction in such cases is hereby granted to all trial justices and all other courts to be exercised in the same manner as if the offense had been committed in that county; and any officer who shall maliciously, or without probable cause, abuse his power in such proceedings shall be liable upon complaint or indictment, to a fine not exceeding one hundred dollars, or imprisonment not exceeding three months.

JURISDICTION OF COURTS.

Ch. 90, P. L., 1909.

Sec. 10. Trial justices, police and municipal courts within their counties shall have, upon complaint, original and concurrent jurisdiction with the supreme and superior courts in all prosecutions under any inland fish and game law.

DISPOSITION OF FINES AND PENALTIES.

Sec. 56, ch. 32, as am. by ch. 3, P. L., 1911.

Any officer or other person who shall receive any fine or penalty, or any part thereof, for the violation of any fish or game law, and shall neglect for more than thirty days to pay the same into the state treasury, shall be punished by a fine of not less than fifty, nor more than one hundred dollars; all fines and penalties recovered, or money paid, under any of the provisions of this chapter, after deducting legal taxable costs, shall be paid forthwith to the treasury of the state by the person recovering the same.

SERVICE ON CORPORATIONS, HOW MADE.

Sec. 57. In case of a violation of any of the provisions of this chapter by a corporation, the warrant of arrest may be served by an attested copy on the president, secretary, manager, or any general agent thereof in the county where the action is pending, and upon return of such warrant so served, the corporation shall be deemed in court and subject to the jurisdiction thereof, and any fine imposed may be collected by execution against the property of such corporation; but this section shall not be deemed to exempt any agent or employee from prosecution.

PENALTY FOR DISHONEST LICENSEE.

Sec. 58. If the holder of any license, certificate, or permit, issued in conformity with any of the provisions of this chapter, shall persistently or flagrantly and knowingly violate or countenance the violation of any of the provisions of this chapter, such license, certificate or permit may be revoked by the commissioners, after due notice given of the alleged violation, and an opportunity afforded to appear and show cause against the same.

DUTY OF COUNTY ATTORNEYS, ETC.

Sec. 59. Each county attorney shall prosecute all violations of this chapter occurring within his county, when such cases may come to his knowledge, or when he may be so requested by the commissioners or any officer charged with its enforcement, the same at all times to be subject to the supervision and control of the commissioners.

PARTICIPANTS IN VIOLATION OF GAME LAWS COMPELLED TO TESTIFY.

Sec. 59. In any prosecution under this chapter, any participant in a violation thereof, when so requested by the county attorney, commissioners, or other officer instituting the prosecution, may be compelled to testify as a witness against any other person charged with violating the same, but his evidence so given shall not be used against himself in any prosecution for such violation.

DUTY OF MAGISTRATES AND CLERKS OF COURTS.

Sec. 59. Every magistrate or the clerk of the court before whom any prosecution under this chapter is commenced, or shall go on appeal, within twenty days after the trial or dismissal thereof shall report in writing the result thereof and the amount of fines collected, if any, and the disposition thereof to the commissioners, at Augusta.

DUTY OF WARDENS TO MAKE REPORTS.

Sec. 59. In all cases, the officer making the seizure or sale of fish, game, or birds, shall within ten days thereafter, report all the particulars thereof and an itemized statement of the proceeds, expenses, and fees, and the disposition thereof to the commissioners at Augusta.

Every warden shall, in the month of December of each year, and at such other times as the commissioners may require, report to the commissioners all violations of, and prosecutions under this chapter, occurring in his district, together with such further information as the commissioners may require. The failure of any

person or officer to perform any act, duty, or obligation enjoined upon him by this chapter, shall be deemed a violation thereof.

TOWNS AND CITIES MAY ELECT FISH WARDENS IN CERTAIN CASES.

Chapter 66, P. L., 1909.

Any city, town or plantation in which there is a lake or a pond that has been stocked with fish by the state and screened partly by the state and partly by the town or by private subscription, may, at its annual election, elect a fish warden, with all the powers of other fish wardens, whose duty it shall be to care for and protect said screen.
